

Swiss Army Knife

ARS is a proven multi tasking acid replacement cleaner that safely replaces a myriad of harsh cleaners. ARS can be used to clean tile, tub, grout, bowl, urinals, soap scum, stainless steel, calcium, lime, concrete, descaler for pressure washers, boat hulls, fiberglass, hard water spots,

masonry, and a myriad of other uses. ARS safely replaces cleaners made from hydrochloric, phosphoric, nitric, sulfamic, oxalic acids, and best of all without the fumes. You might just say it's the...

...Swiss army knife of cleaners.

Environmentally responsible: no VOC's DOT non-regulated, totally biodegradable, and since one product does the job of many, it helps reduce consumption and lowers operating costs. ARS comes ready to use or as a concentrate that can be diluted. ARS - a proven multi use cleaner.
