

TERAND

The Maintenance Professional's Choice

SAFETY SOLVENT DEGREASER

N-PROPYL BROMIDE

55518

FOR USE BY:

- Industrial Operators • Utility Companies
- HVAC Maintenance
- Machine Shops • Oil Field Services
- Municipal Yards • Marine Maintenance
- Engine & Motor Rebuilders
- Equipment Manufacturers

- Powerful Flushing Action
- Safe for Cleaning Energized Electrical Equipment
- 26,800 Volt Dielectric Strength

A new technology drop-in replacement for 1,1,1-Trichloroethane and other chlorinated solvent degreasers without the labeling and paperwork requirements.

Offers the same high performance properties to quickly dissolve grease, oil and grime from metal surfaces then dry rapidly, residue free.

FOR USE ON:

- Assemblies of Electrical Equipment
- Engine Parts • Motors • Windings
- Generators • Starters • Compressors
- Bearings • Gears • Relays • Molds
- Production Machinery • Printing Equipment
- Gas, Water and Electric Meters

- Non-Flammable - Rapid Drying
- Contains No Chlorinated Solvents, CFC's or HCFC's
- Safe on Most Plastics
