

B00844 Clear Crete WB

Floor Care

Features

- Permanent Clear Concrete & Masonry Seal
- Water-Based; 25% Solids
- Synergistic Blend of Urethane & Acrylic
- No Etching Required; Interior/Exterior Use; Fast Drying
- Covers Up To 2000 Sq. Ft. Per Gallon; Apply 1-3 Coats

Description

This product is a tough, urethane-fortified acrylic sealer designed for use on either interior or exterior concrete and other masonry surfaces. Its non-yellowing, abrasion resistant, water-based formula protects and beautifies surfaces and helps prevent concrete dusting or powdering. Once properly dried and cured, this durable sealer is not only resistant to water and most industrial cleaners and degreasers, but it even withstands normal forklift traffic. While this is not a concrete curing compound, it can be used to seal “green” (newly hardened) concrete by allowing moisture to permeate, under normal circumstances. It can also be applied to vertical masonry surfaces to protect against graffiti. Note: As with all coatings, surface debris or water may reduce slip resistance. Not for use on glazed ceramic tile or polished stone surfaces (marble, granite, etc.). Meets or exceeds ASTM D-2047-82 requirements for slip resistance.

TECHNICAL INFO:		
Physical Properties	Appearance	Milky
	Color	White
	Odor/Fragrance	Slightly Sweet
	PH	8.0-9.0
	Freeze/Thaw Stability	Good
Environmental Profile	Glycol Ether Content	Yes (P Series)
	Biodegradability	No
	Chlorinated Solvents	None
	Green Status	None
	Recyclable Packaging	Yes
Regulatory Compliance	% VOC By Weight	Arch Coat
	VOC Restricted Regions	None
	Food Processing Suitability	N/A
	EPA #	N/A
	Flammability per CPSC	N/A
	Flash Point	None to Boiling
