Herbicides

Features

- Solvent-Based Herbicide RTU
- Sterilant/Non-Selective
- RTU Gallon Treats Up to 1,000 Ft.4
- 1.09% 2,4-D Ester with 0.98% Bromacil
- Solvent-Based; Our Most Effective Sterilant

Description

This product is a specially formulated non-selective vegetation killer for controlling a wide range of annual and perennial weeds and grasses. Apply undiluted as a spray on non-cropland areas where bare ground is desired. Control will vary with the amount of chemical applied, soil type, rainfall and other conditions. This product is non-corrosive to metal surfaces. Especially compounded for industrial and municipal weed control.
