

A powerful solvent based formulation which provides instant removal and flush of contaminants from deep inside heating, refrigeration and air conditioning coil fins. The flushing solvent action then aids in removing contaminants from drip pans and drain lines leaving them clean and free flowing. Soiled coil fins, constricted air passages, clogged drip pans and restricted drain lines all contribute to decreased air flow and reduced energy efficiency of air conditioning and heating units. Regular maintenance and cleaning of these features is proven to improve effectiveness and increase unit efficiency.

FOR USE BY: Heating, Ventilation, Air Conditioning Technicians, Building Superintendents, Restaurants, School Systems, Frozen Food Warehouses, Shippers, Hospitals, Nursing Homes.

FOR USE ON: Air Conditioners, Heating Coils, Ice Makers, Cold Storage Compartments, Refrigerators, Freezers, Refrigerated or Frozen Cargo Containers, Hand Dryers.

DIRECTIONS:

FOR BEST RESULTS: Spray coil fins liberally and allow solvent to run off. Use extension tube for deep fin penetration and clearing of drain lines. Allow unit to air dry. One can effectively cleans approximately 10 cubic feet of densely spaced coils and fins.

NOTE: DO NOT USE ON PLASTIC OR PAINTED SURFACES.

DANGER: Contains Tetrachloroethylene (127-18-4) and Carbon Dioxide Propellant (124-38-9). Vapor Harmful. Use in a well ventilated area. Avoid prolonged breathing of vapors or contact with eyes, mucous membranes or skin. Do not puncture or incinerate container. Do not store at temperatures above 120°F. **WARNING:** This product contains chemicals known to the State of California to cause cancer.

FIRST AID: IF EYE CONTACT: Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists get medical attention immediately. **IF SKIN CONTACT:** Wash with soap and water. If irritation persists seek medical attention. **EXCESSIVE INHALATION:** Remove to fresh air. Seek medical attention immediately. If breathing stops give artificial respiration. **IF INGESTED:** Do not induce vomiting. Seek medical attention immediately.
