Steel Shine

Non-Flammable

Metal Cleaner and Polish

Features a Water and Oil Emulsion Formula

Cleans, Polishes & Restores Luster

Less Than 15% VOC

CAUTION:
CONTENTS UNDER PRESSURE
SEE OTHER CAUTIONS ON SIDE PANEL

NET WT. 18 OZ (1 LB. 2 OZ.) (510 Grams)

NSF

Nonfood Compounds
Program Listed A7
138578

USE ON:

- Refrigerators • Grills
- Freezers • Stoves
- Restaurant Fixtures
- Slicing Equipment
- Ovens
- Preparation Tables
- Elevator Doors
- Washroom Receptacles
- Water Fountains

Sprays as a light cream that cleans and polishes all metal surfaces.

Removes tough oil-based stains, water marks and spots and stains of food origin.

Can be used on wet surfaces, eliminating the need for initial drying as needed by most oil-based stainless steel polishes.

Odorless so it can be used in confined areas.

Clings to vertical surfaces for easy wipe out.

Leaves a unique protective coating that resists soiling, but leaves no greasy film.

DIRECTIONS:
SHAKE WELL BEFORE USING

Unique 360° valve allows spraying in an upright or inverted position.

Point valve away from face. Spray a light film directly on the surface to be cleaned or onto a clean cloth.

Wipe surface with a dry, soft cloth. Buffing with another clean cloth will make surfaces sparkle.
