

TERAND

The Maintenance Professional's Choice

CHOKE and CARBURETOR CLEANER

50916

FOR USE ON:

- Bus Yards • Postal Services
- Machine Shops • Garages
- Auto And Diesel Repair Shops
- Fork Lift Companies
- Car Rental Companies
- Truck Fleet Maintenance

- Quickly Cleans and Frees Parts with Carburetor in Place Eliminating Expensive Man Hours for Disassembly
- Helps Assure Quick Starts and Reduces Gasoline Consumption

An ultra high volatility and solvency formulation that dissolves carburetor deposits and fuel system contaminants such as gum, sludge and varnish. Helps improve fuel system performance and insure maximum fuel economy. Will not harm Oxygen Sensors or Catalytic Converters. Helps reduce fuel consumption and improve acceleration. Great for cleaning manifold heat control and PCV valves.

FOR USE ON:

- Chokes • PCV's
- Carburetors • Generators
- Vacuum Pistons • Starters
- Thermostatic Coils
- Engine Parts • Motors
- Manifold Heat Control Valves

- Increases Life of Pistons, Rings, and Cylinder Walls
- Cools Automatic Chokes for Fast Adjustment
- Periodic Use Improves Gas Mileage, and Overall Engine Performance
