

Portable Air Compressor 27 CFM Technical Data

13 hp Command Pro Kohler Engine

- Electric and Manual Starter
- Intercooler and After cooler Equipped
- 2 Gallon Gas Tank
- 30 Gallon Air Tank
- Noise Reduction Exhaust System

Specifications:

27.4 ACFM @ 100 PSI

25.2 ACFM @ 175 PSI

175 PSI Max Pressure

This unit will provide an efficient combination of power and portability to your Xiom operations anywhere. The Kohler Command Pro CS single cylinder horizontal shaft engines are equipped for the unforgiving conditions of rental, commercial, industrial and construction applications. For superior power, effortless starting, long life design and quiet operation you can depend on. It is equipped with an oversize fuel tank, overhead valve, slant cylinder design and a swirl induction combustion chamber for long hours of operation. For increased performance it is equipped with a tight tolerance mechanical governor and a high inertia flywheel. Weights 382 lb. and measures 42L x 18W x 46H.

Reliability and long life design features:

Cast Iron Cylinder Sleeve
Steel Forged Crankshaft
Dipstick on Starter Side
Satellite Forced Exhaust Valve with Tufftride Coated Stem
Dual Element Air Cleaner
Dual Side Oil Drain and Fill
Oil Sentry (Low Oil Protection)
Electronic TCI Ignition (Instant Spark)
Dual Main Ball Bearings
Automatic Compression Release
Large Capacity Muffler
Sound Deadening Alloy Crankcase
Balanced Crankshaft
EPA / CARB / EEC Certified

Warranty:

The compressor is covered by a manufacturer's two year limited warranty and includes an Owner's/Operator's Manual.
